vertisers the largest circulation of any news-
paper published on the Columbia river.
Sun rises 6:47; sun sets, 5:42; day's
length, 10 hrs., 54 m.
The grand jury is still in session—
let her go Gallagher!
The Alaskan left yesterday for the
Sound, on whose waters she will ply
this season.
The British ship *Amoy*, and the
barks *Shenir*, *Deanfield* and *Elisnore*
sailed yesterday.
Oregon has received 3,387,520 acres
of land from the United States for
school purposes.
Blue stem wheat is quoted at 60
cents per bushel at the warehouse in
Walla Walla, and club wheat at 55
cents.
The salvation barracks are painted
reddish brown now, and on Hallelujah
nights are painted a livelier crimson
inside.
Three divorces were granted in
Portland yesterday, the ladies con-
cerned each feeling unmanned by the
proceedings.
The latest railroad suggestion comes
from Wm. Reid, regarding the build-
ing of a narrow-gauge road, via Tillamook
and the coast.
The *Gen. Canby* will make a trip
to Ilwaco to-morrow. Engineer Haw-
good goes down in connection with
the survey for the Ilwaco railroad.
The new west-bound freight rates
of the Transcontinental Association
will go into effect on March 6th. The
east-bound rates go into effect on
March 10th.
C. Christensen, aged 28, died yester-
day at his residence in upper As-
toria, of typhoid fever. He leaves a
wife and family. The funeral will be
to Clatsop to-morrow afternoon.
The Faith cure, or Christian science
is receiving considerable attention at
present. In a certain class of phys-
ical complaints the observation of the
principles inculcated unquestionably
affords relief.
Mrs. Embree, of Ilwaco, who has
been ailing for some time, died yester-
day; the funeral takes place this
afternoon, under the auspices of Can-
by Post, G. A. R. of which her hus-
band is a member.
The Portland Shipping company
have libeled the ship *Alex. Gibson* at
Tacoma for \$34,000, claiming loss by
reason of violation of charter. Capt.
Speed says he is going to make a state-
ment that will "astonish the Tacoma
people."
From all points of the river come
reports of activity in logging camps.
The out-pit of '88 will exceed any-
thing in the history of logging on the
Columbia river. The Southern Cali-
fornia "boom" has filled many an
Oregon and Washington boom with
logs.
Last Saturday Miss Effie McLane,
of Mud bay while getting ready to go
into Olympia, was informed that a
large cougar was in close proximity
to her father's residence. Taking a
gun in her hand, she courageously
started out, and, perceiving the "er-
riter" up among the branches of a tree,
she fired, and succeeded in killing the
animal with one shot.
There was an interesting scene in
the circuit court yesterday afternoon.
A little girl not yet six years of age
being placed upon the witness stand
to testify, contrasting strongly with
her childish presence with the usual
surroundings of a questioning Judge
Taylor decided that the little one was
not competent to testify.
Inspector Sebree gives notice that
Sea buoy, first class can, Fairway buoy
first class nun, and the Middle chan-
nel buoy, first class can have gone
adrift from the bar. They will be re-
placed as soon as practicable. The
lens lantern lights on buocons No. 2
and 4, in main ship channel, Colum-
bia river from Tongue point to Jim
Crow point, are discontinued for the
present.
A lively contest has been going on
between the logging camps of George
Goddard and Frank Marble on Seim-
on creek, says the *Register*. Marble's
camp put into the creek on day 19,
900 feet of logs, followed soon after
by the Goddard camp with 20,000
feet. Then Marble's men put in
nearly 21,000 feet, and now Goddard's
camp comes up with 36,000 feet, which
is supposed to beat the county record.
The state Sunday school conven-
tion for Oregon will be held at Albany
on the 22d, 23d and 24th of May. The
regular time of holding would have
been in March, but the executive
committee have thought best to fix
the time to above dates. Representa-
tion from every Sunday school in the
state is desired, especially of the Sun-
day schools in each county are earnest-
ly requested. All statistical reports
should be sent to Prof. Henry Sheak,
of Philomath, Or.
Newspapers intending to make tele-

graphic reports of the Republican na-
tional convention are requested to
file applications for accommodations
with the chairman of the press com-
mittee, R. W. Patterson, Chicago. Ap-
plications will be considered in the
order of filing. Applications from
weekly papers, or from papers that
do not intend making a special tele-
graphic report, cannot be entertained.
The ASTORIAN's application goes for-
ward this morning.
It is reported that a hitch has oc-
curred in Col. Woodard's railroad ne-
gotiations with his Chicago backers
that renders further movements prob-
lematical, it appearing to be a case
where more was bitten off than could
be comfortably masticated. Thus far
the colonel hasn't showed down,
though Astoria promptly called him
when he named the limit. Whatever
the result, one thing is clear—that,
should responsible parties want a bon-
us or subsidy, it could and can be
promptly produced.

Says the Tacoma News: James De
Molitor, manager of the Puget Sound
fishing company has purchased the
deep sea fishing gear of Capt. Wil-
liams and will enlarge the company's
facilities. The shipments of fish to
Portland average 1000 pounds per
day, besides extensive shipments to
Tacoma, Seattle and other inland towns.
Cod fish have never been systemat-
ically caught in Sound waters until
this company recently commenced
operations. They are caught with
gill nets at a depth of 65 and 70 fath-
oms.
Senator Mitchell presented in the sen-
ate a petition the other day from Cor-
bett & Macleay and other citizens of
Portland, canners and dealers in
canned goods, praying for an amend-
ment to the existing laws so as to au-
thorize the repayment in full of the du-
ties paid on imported tin when made
into cans and exported filled with
American products. The petitioners
assert confidently that the existing law
is little less than an export tax, which
they say is prohibited by the consti-
tution of the United States. The pe-
tition was referred to the committee
on finance.

A story is told about two well-known
attorneys pitted against each other
in a law suit at Chehalis last week.
Proposals for a compromise of the
questions at issue were made and fa-
vorably received, but there was an ir-
reconcilable difference of nineteen
dollars in the sum to be paid by the
defendant. The plaintiff offered to
split the difference or pitch heads or
tails for the amount, but the other
attorney declined both, and offered to
play a game of "seven up" to settle it.
This was agreed to by the other side,
and the two legal representatives sat
down to try their skill with the paste
boards, resulting in victory of nine to
one in favor of the plaintiff.

Capt. Jordan, diver Johnson and a
crew made another visit to the sub-
merged wreck of the *Gleaner* yester-
day. Johnson went down and found
one of the bodies partly embedded in
the sand. He thinks it is the body of
Miss Wilma, but was obliged to come
to the surface without extricating it.
He will return to-day. The body lies
about six feet from the hull of the
Gleaner, and it may be that the other
bodies will be found there too. The
idea regarding the raising of the wreck
is to hydraulic so that a chain can be
passed under the hull and hitched to
a scow on each side at low water, so
that the hull will come up at the rise
of the tide. Further attempt will be
made to-day.

According to the Colville *Miner*,
there are about one hundred miles or
more of international boundary line
directly north of there that is totally
unmarked by the custom authori-
ties under the United States, and
which affords the simplest opportuni-
ties and most convenient facilities for
the ever ready smuggler of opium to
ply his profitable vocation to success.
A smuggler, by way of the Columbia
river, can easily float a cargo of duf-
table goods from Revelstoke, on the
Canadian Pacific railway, to a point
at or near the Little Dalles, where it
can be landed in perfect safety. It is
not at all unlikely that this forbidden
traffic is being carried on the present
time.

The Yakima *Farmer* says: Levi
Aukney, who has national banks at
Walla Walla, Baker City, Dayton,
Colfax, Pomeroy, and other points, is
a living example of what a broke man
can do in the new northwest. He
commenced with nothing and eventu-
ally ran a pack train to the Oro Fino
mines and had a store there. He sold
out and went to Walla Walla with
\$40,000. He asked Schwabacher
what he had best do with his money.
S. said: "Put it in wheat." A. left
his funds with S., who invested them
in wheat, which he shipped to Allen &
Lewis, Portland, and the \$40,000
grew to \$80,000. This gave A. his
start in the world, and he now has
associated with him in his various
banking enterprises the solid capital-
ists of Portland.

Capt. Solomon Jacobs, of Gloucester,
who recently sent three schooners
around the Horn for fishing and seal-
ing on the northwest coast, has had
an agent at Washington, who, during
the last week has been very quietly
but carefully ascertaining what the
course of the government is to be in
regard to sealing in Behring sea next
season. This agent, after thorough
investigation, has written to Capt.
Jacobs, telling him on no account to
venture into Behring sea next sum-
mer for seals; that there will be two
reverted cutters up there and one
man-of-war. The report published in
a New York paper some time ago
stating that the attorney-general had
ordered the release of the sealers
seized last year is false. The attor-
ney-general's actions had reference to
nothing connected with the 1887 sei-
zures and confiscations.

Lent will close with Easter, which
will this year fall on the first day of
April—nine days later than last year.
The earliest possible day for Easter is

the 22d of March, and it fell on that
day in 1818—for the last time in about
200 years. One object in arranging
the calendar moon was that Easter
might never fall on the same day as
the Jewish Passover. They did oc-
cur, however, in 1805, on the 14th day
of April, in 1825, on the 3rd day of
April, and will do so again in 1923,
on the 1st of April, in 1927, on the 17th
of April, and in 1981, on the 18th of
April. Last year Easter and the
Passover were separated by but a sin-
gle night. The Jewish festival usual-
ly occurs in Passover week, in Lent,
and never before the 25th of March
or after the 25th day of April. On
the other hand the Christian festival
is never before the 22d of March or
after the 25th of April. In 1913 East-
er will fall on the 22d of March, as it
did in 1845 and 1856. The latest East-
er occurred in 1886, the 25th of
April, and it will not fall on that date
again until 1943.

The last day's session of the G. A.
R. encampment was held at Albany
last Thursday and resulted as follows:
Commander, A. E. Borthwick, of
Portland; senior vice commander, Dr.
J. G. Jessup, of Newport; junior vice
commander, L. H. Montague, of Al-
bany; medical examiner, W. W. Royal,
of East Portland; chaplain, Rev. E.
McClean, of Astoria; council of ad-
ministrators, E. McElroy, of Salem,
T. M. Johnson, of Corvallis, E. N.
Hamilton, of Eugene, H. G. Allen and
T. M. Miller, Lebanon; delegates to
the national encampment, J. W. Craw-
ford, of Salem, and E. H. Mix; alter-
nates, J. E. Ellis, of Salem, and B. F.
Tabler, of Albany. The place of
holding the next department was
fixed at Portland. The following res-
olutions were adopted: *Resolved*,
That the bill now pending in congress
to pension every honorably discharged
soldier and sailor of the war of the
rebellion, at the rate of a monthly
payment of 1 cent for each day of
service, in addition to the pension
for disability, meets the unqualified
approval of the seventh annual en-
campment of the department of Ore-
gon, G. A. R., in camp assembled.
Resolved, That a copy of this resolu-
tion be forwarded to the representa-
tives and senators in congress, and to
the press for publication.

The endorsement of *German*
Syrup is unparalleled. We will pub-
lish 1000 testimonials received during
the last six months. Read them.
May save your life.

BURLINGHAM, N. Y., May 31, '86.
G. G. GREEN, Dear Sir:—I am fre-
quently troubled with severe colds,
and the only remedy that will relieve
me of them is your *Bosche's German*
Syrup. I have used it for more than
12 years. It is a constant household
companion with me. Our merchant
here procured it first at my solicita-
tion, and says he has sold a great
many bottles. It is a very popular
remedy in this section. Every per-
son who has used it speaks in the
highest terms of its merits. I do not
know of a single case it has not
cured. I first used it in Vermont,
where I lived before coming here. I
advise everyone to use it, as it is cer-
tainly the best cough medicine I have
ever known. I have tried nearly all
of them at different times.
Yours respectfully,
MOSES GRAY,
Proprietor Grist Mill.

in the indictment: to be sentenced on
Monday.
Grand jury found true bill against
Leander Lebeck, charged with ille-
gal voting.

Don't Experiment.
You cannot afford to waste time in
experimenting when your lungs are in
danger. Consumption always seems at
first, only a cold. Do not permit any
dealer to impose upon you with some
cheap imitation of Dr. King's New
Discovery for Consumption, Coughs and
Colds, but be sure you get the genuine.
Because he can make more profit he
may tell you he has something just as
good, or just the same. Don't be de-
ceived, but insist upon getting Dr. King's
New Discovery, which is guaranteed to
give relief in all throat, Lung and
Chest affections.

SKIN SCALP BLOOD

Having been a sufferer for two years and a
half from a disease caused by a bruise on the
leg, and having been cured by the CUTICURA
Remedies when all other methods and reme-
dies failed, I deem it my duty to recommend
them. I visited Hot Springs to no avail, and
tried several doctors without success, and at
last our principal druggist, Mr. John P. Fin-
lay (to whom I shall ever feel grateful), spoke
to me about CUTICURA, and I consented to
give them a trial with the result that I am
perfectly cured. There is now no sore about
me. I think I can show the largest surface
where my sufferings sprang from of any one
in the State. The CUTICURA REMEDIES are
the best blood and skin cures manufactured.
I refer to druggist John P. Finlay and Dr. D.
C. Montgomery, both of this place, and to Dr.
Smith, of Lake Lee, Miss.
ALEXANDER BEACH,
Greenville, Miss.

Mr. Beach used the CUTICURA REMEDIES,
at our request, with results as above stated.

SAVED MY MOTHER'S LIFE.
Ever since I can remember, my mother
has suffered from a milk leg. Nothing would
do her any good. She had the best medical
talent, but they all did her no good. She suf-
fered with her leg for thirty years and never
knew a well day. She would have to sit up
half the night to ease up her leg a little, and
she had no peace. She used all the best-
known remedies in the country without
effect. I asked her to try your CUTICURA
REMEDIES. Got her a bottle of CUTICURA
RESOLVENT, and she took it, and has taken
in all about six or seven bottles, and now
she is a well woman to-day. Her leg is en-
tirely healed, and her health was never bet-
ter. She can go out every day, something she
has not done in ten years, so you see I cannot
help stating to you about your wonderful CUTI-
CURA REMEDIES. You have saved my
mother's life. I cannot find words to express
my gratitude. I have advertised your CUTI-
CURA REMEDIES far and near.

Sneezing Catarrh.

The distressing sneeze, sneeze, sneeze, the
acid, watery discharges from the eyes and
nose, the painful inflammation extending to
the throat, the swelling of the mucous lining,
causing choking sensations, cough, ringing
noises in the head and splitting headaches,
—how familiar these symptoms are to thousands
who suffer periodically from head colds or in-
fluenza, and who live in ignorance of the fact
that a single application of SANFORD'S RADICAL
CURE FOR CATARRH will afford in-
stantaneous relief.

But this treatment in cases of simple Catarrh
gives but faint idea of what this remedy will
do in the chronic forms, where the breathing
between nose and throat, and the mucous ac-
cumulations, the hearing affected, smell and
taste gone, throat ulcerated and hacking
cough gradually fastening itself upon the de-
bilated system. Then it is that the mar-
velous curative power of SANFORD'S RADICAL
CURE manifests itself in instantaneous and
gratified relief. Cure begins from the first
application. It is rapid, radical, permanent,
economical, safe.
SANFORD'S RADICAL CURE consists of one
bottle of the RADICAL CURE, one box of IN-
TERRIHAL SOLVENT and an IMPROVED IN-
TERRIHAL CURE, all for \$1.00.

PERSONAL MENTION.

W. P. Whitcomb goes to Portland
to-morrow night.
J. P. Miller and wife, of Stark's
Point, were in the city yesterday.
Walter Robb, yesterday, put a 5,000
pound burglar proof safe in the A. L.
& B. association office.
Capt. Thompson, recently connected
with the *Transcript*, and of late re-
porter of the Washington legislative
proceedings, is in the city.
Capt. U. Sebree thinks that there
is no foundation for serious fears re-
specting the safety of Tillamook rock
lighthouse or the dwellers therein.

A Sound Legal Opinion.
E. Bainbridge Munday, Esq., County
Clerk, Clatsop Co., T. L. says: "I have used
Electric Bitters with most happy results.
My brother also was very low with Ma-
larial Fever and Jaundice, but was
cured by timely use of this medicine.
A satisfied Electric Bitters saved his life."
Mr. D. L. Wilcoxson, of Horse Cave,
Ky., adds a like testimony, saying: "He
positively believes he would have died,
had it not been for Electric Bitters."
This great remedy will ward off, as
well as cure all Malarial Diseases, and
for all Kidney, Liver and Stomach Disor-
ders stands unequalled. Price 50c. and
\$1. at W. E. Dement & Co's.
